

Greenergy Builders: Sustainable Construction Solutions

Welcome to Greenergy Builders, your partner in innovative and sustainable construction. We specialize in providing comprehensive building solutions that combine cutting-edge technology with eco-friendly practices. Our team of experts is dedicated to delivering high-quality construction services that meet the evolving needs of modern infrastructure while minimizing environmental impact. From smart houses to industrial warehouses, we're committed to building a greener future, one project at a time.

REGULAR CONTRACTOR'S LICENSE

Contracting Fiscal Year (CFY): 2024/2025

FORM NUMBER: 40272 This certifies that Greenergy Development Corp.		<small>Signature NOT VALID WITHOUT SIGNATURE</small>
CONTRACTOR'S PARTICULAR		
Authorized Managing Officer: Andrew Paye Donggay <i>[Signature]</i> Organization Type: Corporation Head Office (Region): REGION 10 (Northern Mindanao) Taxpayer Identification Number (TIN): 277419222000		
LICENSE PARTICULARS		
License First Issue Date: August 13, 2018 Contractor's License Number: 44252 Validity Period of this License/Renewal: August 27, 2024 to August 13, 2025		<small>Principal Classification and Category: Specialty-Electrical Work AA Other Classification/ General Building Specialty-Mechanical Work Specialty-Air-conditioning or Refrigeration Specialty-Waterproofing Work Specialty-Painting Work Specialty-Electro Mechanical Work Specialty-Communication Facilities 000000000000000000000000</small>
REGISTRATION PARTICULARS		
Registration Date: June 04, 2024 Registration Number: 2428-2024 Validity Period of this Registration: September 06, 2024 to August 13, 2027 Kind of Project and Respective Size Ranges		
Given at Metro Manila, Philippines, on September 16, 2024  ERNI G. JACONO Board Member		
 HERBERT D.G. MATIENZO Executive Director		
 SEAGIE T. REVOME Board Secretary		
 DOCUMENTARY STAMP TAX PAID (PhP 30.00)		
<small>IMPORTANT NOTICE: Filing schedule for license renewal application – on or before July 14, 2025</small>		

Product Overview

SERVICE OFFERED

- 1 Project Proposals
- 2 Detailed Estimates and Cost
- 3 Program of Works
- 4 Request for Quotation
- 5 Bill of Quantities
- 6 Supply and Delivery
- 7 Straight Contract
- 8 Labor only Contracting
- 9 Trucking and equipment leasing
- 10 Rentals

BUILDING OUR FUTURE

Project 1

178,000.00 PHP

Project 2

20 footer with C.R partition / 20 footer plain

FAQ

1. How much manpower and time does it take to install the container?

2 hours + 4 workers=1 unit

2. What tools and equipment do I need to prepare for the installation of container?

Crane, hand saw, hand drill, hexagonal screwdriver, rubber hammer, utility knife, hole saw, non-slip gloves, glass glue gun, tape measure, medical box, marker, foot ladder, spirit level.

3. How many days is your fastest lead time?

This depends on the quantity. If it is a regular size, our lead time is generally 7-15 days after receiving the deposit

4. Can you customize colors?

We are happy to accept color customization. The regular color of our boxes is white, which is popular and well received by customers all over the world. You can also provide the color card number for our reference. What color do you like?

5. What is the largest size that can be made?

The maximum can be 4m*8m, and the 8m surface is equipped with wind-resistant columns to support the top and bottom beams. What kind of functions and requirements are you based on?

6. What is your payment method?

Our payment method is generally TT (wire transfer), 30% deposit, and the remaining 70% paid before shipment.

7. Does your product leak water?

There are quite a number of domestic manufacturers, due to lack of professionalism and irresponsibility for quality, which leads to the problem of water leakage in the box.

So far, our company has never experienced water leakage problems in overseas orders.

8. Do you need a foundation?

If the land will not subside, there is basically no need to lay foundations. According to different geological conditions, our company will provide guidance and suggestions. If you buy container from us, we will give you complete foundation drawings and we will have video instructions for installation.

9. Can I add an extra roof please?

Roofs can be added, and we can send you some pictures of roofing cases we have done before for your selection and reference. Do you want to add a roof based on wind resistance requirements, thermal insulation requirements or aesthetic requirements?

10. How are your container house insulated?

Wall panels are made of 50mm rock wool sandwich panels, and can be upgraded to 75mm and 100mm thickness, which is better for extreme cold and hot weather

Wide Range Steel Structure Products

Workshop/Warehouse/Garage/Hangar

Prefab House/Multi-Storey/Livestock House/Poultry House

Horse Arena/kinds of Recreation Hall

Assembly /Erection of Imported Pre-fab warehouses

13,400 php / sq.m. imported pre-fab warehouse components (for 4,000 sq. to higher)

Project sample	Steel structure warehouse
Building size	Such as 78*30*8.5 m/ customized
Main steel structure	
Steel column	H(300-550)*200*6*10 mm , steel Q345
Steel beam	H(300-550)*180*6*8 mm, H 300*180*6*8 mm,steel Q345
Second steel structure	
Roof purline	C180*75*50*2.5 mm
Wall purline	C180*75*50*2.5 mm
Cross support	20 round steel bar, steel Q 235
Column bracing	20 round steel bar, steel Q 235
Angle brace	L 50*4 Angle steel , steel Q 235
Tie bar	89*3 mm, steel Q235
Roof and wall panel	
Roof panel	50/80/100/120/150/200 mm sandwich panel (EPS, PU, Rock wool, Glass wool)
Wall panel	50/75/100/120/150/200 mm sandwich panel (EPS, PU, Rock wool, Glass wool)
Rolling up door	Automatic rolling up door
Single wing door	Sandwich panel door
Window	Aluminum/ PVC sliding window with single glass
Fittings	Glass adhesive, self-tapping screw, etc
Other fittings	
Embedded	M 24 steel Q 235, process
Intensive bolt	Grade 10.9
Ordinary bolt	Grade 4.85

**6,400 php /sq.m. (cost of pre-fab components)
100sq.m to 4000 sq.m**

Labor Contracting Only

Superstructure Only

Labor Cost at 37% of Material Cost

Scaffold Rentals and other lifting equipment cost are excluded from quote

68m x 60m x 11m Pre-Fab Building Structure (locally acquired materials)

OUR MACHINE CAN DRILL UPTO 90 METERS DEPTH CAN
DRILL UPTO 6" Ø

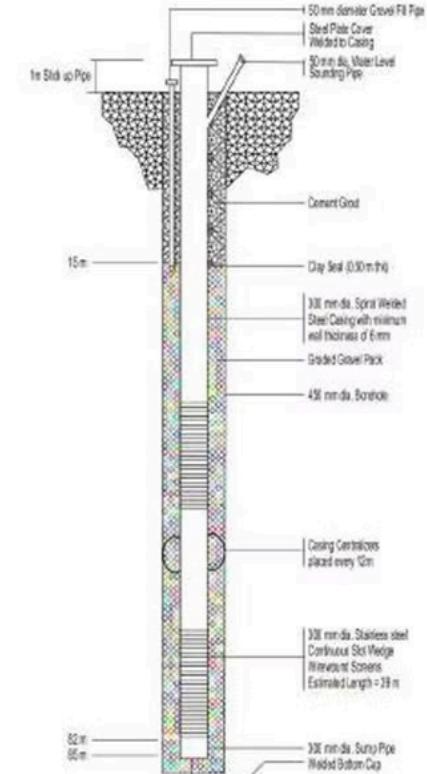

Water borehole drilling is a form of water well drilling. Essentially, it involves drilling a hole deep into the ground to access the water below. Installing steel casing and a borehole pumping system then enables you to extract natural water directly from the ground

DRILLING SERVICES

The Greenergy offer Drilling only with Identify Location and Depth of water.

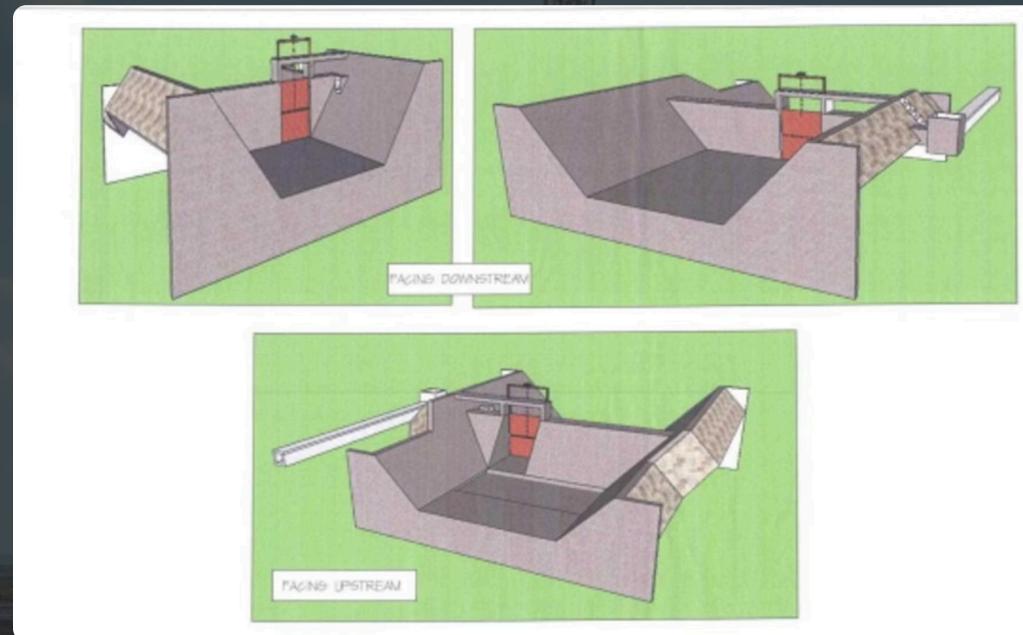

The Greenergy also offer Geo-Resistivity to Identify Location and Depth of water.

ROAD CONCRETING

National Irrigation Administration Projects

Irrigation Canals, dams ,siphons and Solar powered systems
